New User Curriculum

Ekos Academy is our online training program led by our virtual instructor. The curriculum courses demonstrate core workflows and teach you how to use Ekos to improve your team's daily operations.

Each course video is 1 to 5 minutes long, allowing you to comprehend the information and perform each task in your personal Ekos system.

This Service is FREE!

Sandbox Environment

We can make a copy of your Ekos instance that you can use for training new employees, testing new SOPs, or testing out new Ekos features without affecting your live Ekos data. With ongoing access, you can have your data refreshed once per month.

Ongoing Access: **5% of Subscription**

One-Time Access: **\$250**
