

The Smarter Way to Process EFT

Eliminate reconciliation headaches, simplify operations, and support growth with EFT payments powered by PaySmart.

What is PaySmart?

PaySmart is a purpose-built platform for alcohol beverage producers and distributors that unifies orders, invoicing, and EFT payments in one fully integrated system. Designed specifically for the beverage industry, it supports Cash on Delivery compliance and delivers a more streamlined, scalable alternative to standalone or percentage-based EFT providers.

Why PaySmart Stands Out

- Fully Integrated:** Keep payments, orders, and invoicing in one system — no exporting, uploading, or reconciling multiple tools.
- Predictable, Flat-Fee Model:** Simplifies ACH processing without percentage-based fees, designed to scale with your business.
- Purpose-Built for Your Industry:** Supports Cash on Delivery compliance and streamlines alcohol supplier and distributor workflows.
- Centralized Reporting:** Real-time visibility reduces manual handling, errors, and operational delays.
